During the last 30 years, Underwoods Agency Department has been successfully letting and selling a broad range of commercial properties throughout the Midlands region. During this period, we have gathered a tremendous depth of experience that has proved invaluable in ensuring that that we provide the very best level of service to our Clients. This activity is focused across a wide spectrum of sectors including: industrial/warehouse, office/business park, retail/licenced, care sector property, land and investment.

Our specialist team provide a full marketing service to Vendors, as well as to Landlords and Tenants seeking to dispose of their freehold or leasehold property interests. Following an initial inspection of the property and consideration of any relevant documentation, we can provide both valuation and marketing advice together with recommendations as to the best way of fulfilling the client's individual disposal criteria.

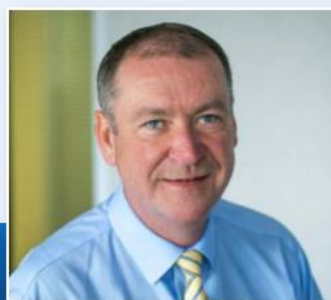

Our investment surveyors provide invaluable advice on property investments, acquisitions, disposals and appraisals.

We pride ourselves on our successful record of achieving the very best possible results for our clients and we seek to develop longstanding relationships with both Landlords and Tenants many of whom we have acted for since the company was established. Whilst we are never complacent, we are proud of our excellent client satisfaction record which is evidenced by the high levels of repeat business.

If you require initial advice relating to any agency matter, then please contact either Charles Church or Stephen Battersby of our team on the details below.
